518-466-7979  
Portland, OR

**Overview:** I'm a recent code school graduate, self-guided learner, and former museum/non-profit writer making a career transition to software development. I'm looking for an entry-level position in Oregon.

## Education and Training

**Alchemy Code Lab - Bootcamp: Intermediate Software Development**  
April - June 2018

**PDX Code Guild - Introduction to Software Development**  
November 2017

**State University of New York at Cortland - B.A. Professional Writing**  
Degree conferral May 2015

## Skills

### HTML5 and CSS3

- ❑ Using: Mobile-first, responsive web design; semantic markup; Flexbox
- ❑ Learning to use: CSS preprocessors; Grid; Bootstrap 4

### Javascript (ES6)

- ❑ Using: Object-oriented and functional programming; jQuery; Handlebars
- ❑ Learning to use: more advanced functional programming; RESTful APIs; UI frameworks/libraries; Page.js

### Version Control

- ❑ Using: Git CLI tools; collaborative, team-based development with GitHub

### Design

- ❑ Using: Adobe CC, namely Photoshop, Illustrator, and InDesign
- ❑ Learning to use: Sketch

### Node

- ❑ Learning to use: NPM; Express

### Databases

- ❑ Using: Foundational SQL, namely Postgres in Node

## Relevant Work Experience

**Development Coordinator at Oregon Museum of Science & Industry (OMSI)**  
(August 2015 - May 2017)  
Donor database management; report writing; communication strategy and design; event planning and management; website management with Drupal

**Technical Writer at Etransmedia Technology**  
(February - May 2012)  
Internal and external documentation writing and design for electronic medical records software; extensive QA testing and writing

**Service Industry**  
(2004 - present)  
13+ years of combined customer service experience in foodservice, bar, delivery, and retail sectors; cash and inventory management; key-holding and other managerial responsibilities
